*Insider must cross-check eligibility with approved data

- This document does not constitute authority to hold the post.
- Where this insider acts in accordance with the national regulations of an airworthiness authority other than the authority specified in block 1, the insider must ensure that higher airworthiness authority accepts products or maintenance from the airworthiness authority specified in block 1.
- Statements 14 and 19 do not constitute validation certification. In all cases, the aircraft technical record must contain an installation certification, based in accordance with the national regulations of the state of registry, before the aircraft may be flown.
